

# Earth Day Coordinate Mapping

TASK: Locate each Earth icon in the below grid.  
Next, write the coordinates of the icon.

**EXAMPLE: A - 8** 

| H |                                                                                   |                                                                                     |  |                                                                                     |                                                                                    |                                                                                     |                                                                                       |                                                                                       |   |
